a catchy line that describes your value proposition

#### ABOUT ME

I am a tech expert with experience in creating value with Machine Learning applications. Throughout my career I always built stuff such as this repo to help my fellow Data Scientists.

As the amazing person I am, there is a lot of other fancy stuff I am doing and that is so killer that you should seriously give me that job.

#### EXPERIENCE

2021 – today

##### my job

I doing some super cool stuff and I mainly **enable** others to do amazing stuff as well.  
Docker / Azure / Python / GitHub / Bash

my company

#### EDUCATION

2016

##### Master's Degree

I graduated with a master's degree in amazing shit and I finished that first in class.

University of Awesomeness
